---

Experienced web developer with a strong proficiency in React.js and Typescript, demonstrated through the successful deployment of various personal projects and local client websites. My focus has been dedicated to honing expertise in React.js, particularly in conjunction with API/backend environments, to create dynamic and responsive user interfaces. Specialized in delivering holistic web solutions characterized by robustness and tailored to meet user needs.

TECHNICAL SKILLS
- Javascript | Node | Express | React | Redux Toolkit | SQL | NoSQL | HTML | CSS | Tailwindcss
- OOP | API | Git & Github | WordPress & plugins

EXPERIENCE

Freelance Software Engineer   January 2023 - Present
- Spearheaded client interactions, from initial consultation to project deployment, and maintained strong relationships to ensure customer satisfaction.
- Designed and developed a custom website for local businesses thus increasing their customer traffic by 50%.

Software Engineer - DigitalCraft   March 2023 - October 2023
Atlanta, Ga
- Collaborated with a team of developers to build modern and responsive web applications using best practices.
- Built web applications and maintained detailed git documentation in a team environment.
- Completed daily coding challenges and pushed solutions.
- Continuously expanding proficiency in back-end development techniques to facilitate API construction and integration.

Recent Projects:
- **Oasis-Hotel:** Developed and deployed a sophisticated hotel dashboard, featuring check-ins/outs, bookings, and analytic insights. Implemented an authorization system with login, sign-up, and profile pages for employee features.
  - React.js, Supabase, React Query, Styled Components.
  - Link
- **Readi Pizza eCommerce Website:** Developed and deployed an e-commerce local pizza website. The web application was developed in mind to increase customer satisfaction with orders, prices, availability of items on the menu, and delivery time.
  - React.js, API, Tailwindcss, Redux Toolkit for state management.
  - Link
